FUTUREPRENEURS 8.0

## Registration Manual

5. On the dashboard, you can either join a team or create your own.

A. To join a team:
   ● Click on the "Find Teams to Join" button.

   ● Scroll through the teams and send a join request to the team you would like to join by clicking on the "Join Team" option. You can also search for your friend's teams by using the search bar provided.

- You could also join a team by using a team invite link from someone who has created a team. If logged in, you will be directly added to the team or will be taken to the sign in page, and then added to the respective team.

B. To create a team:
- Write your team's name and click on the "Create" button.
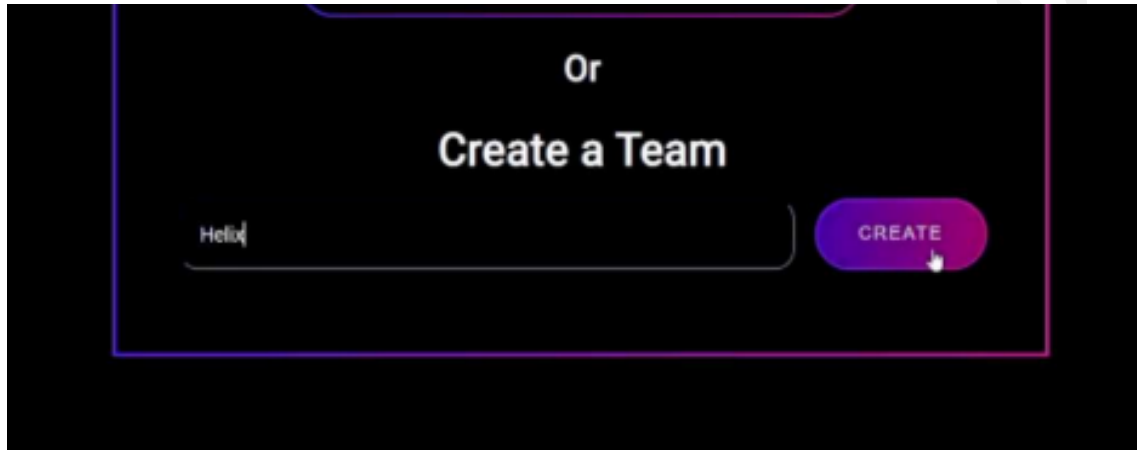

- If you create a team, you are the team leader by default

- You can add your members by copying the invite link and sending them to potential members.
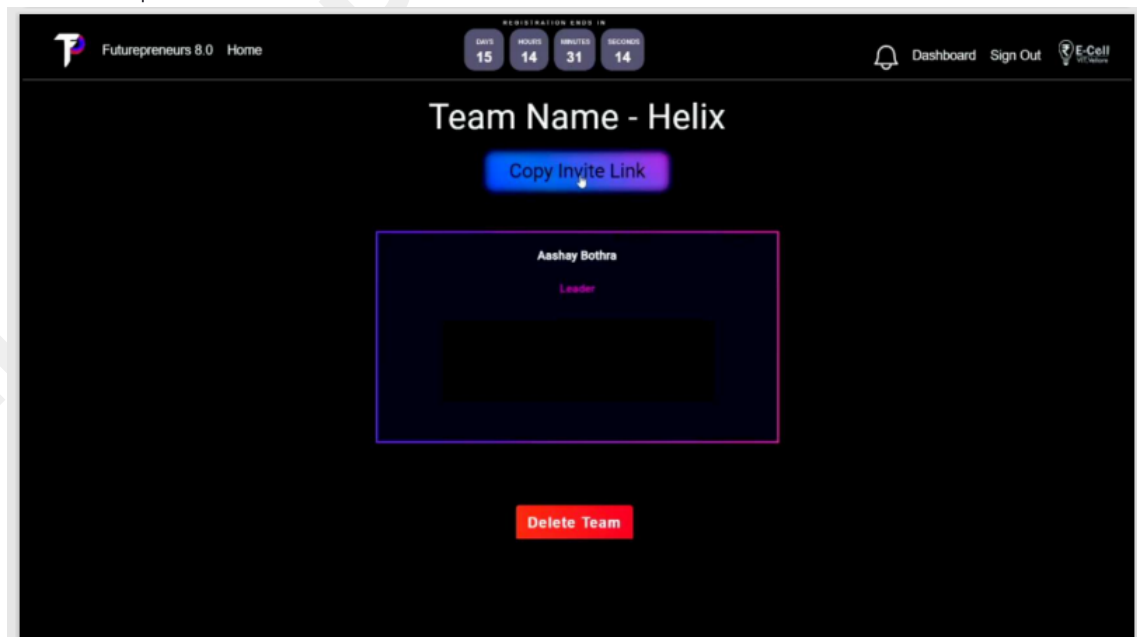

- You can accept joining requests from other team members.

6. To qualify for participation, each team should contain exactly 4 members. In case, a team does not contain sufficient members by the end of the registration period they will be automatically disqualified.

Registration Manual

After you have registered for the event, and joined or created a team, click here ➡ [WhatsApp Group](#) to join the group and receive further updates about the event.

FAQs:

1. Who all can register for the event?
A. All students from 1st and 2nd year are eligible for the event.

2. I don't have enough members to participate, can I still join?
A. Yes, you can register for the event and can either join already created teams by following the guidelines provided, or you can create your team and find members via the WhatsApp group that will be created for all participants.

3. Do I have to register using my college ID?
A. No, you can use any email address to register for the event.

4. Do we also have to register on Vtop?
A. Yes, participants are required to register through Vtop as well, for the qualifying round on 4th Oct, 2022.

5. Is the event online or offline?
A. The qualifying round which is to be held on 4th October, will be online and the main event will be offline on the 18th October.

6. Who will take the quiz?
A. The quiz will only be visible on the team leader's screen at the start. Other members can solve it simultaneously by sitting with the team leader as per the availability.

7. We will miss classes during the event on 18th October , how will we compensate for the attendance?
A. Each participant present at the venue will get ON DUTY(OD) attendance as per VIT norms.

8. Are there any prerequisites required for the event?
A. No, you will be learning from scratch as you move further ahead in the competition.

9. How will we know if we have passed for the qualification round or not?
A. E-cell will send a mail to all the qualifying teams.

10. Is there any registration fee for the event?
A. No, none at all. FuturePreneurs is a completely free event.

11. What is the criteria for qualifying for the main event on 18th Oct?
A. The top 25 teams will be moving on to the final event.

12. Is FuturePreneurs prone to financial risks?
A. No, it is just a business simulation event where there is no real finance element involved.

13. What is the theme of the event?
A. This is the USP of FuturePreneurs, the theme will only be revealed on the day of the event. It is a business simulation where you will be given a real life business scenario.

14. Can I be a part of multiple teams?
A. You must only register with one team, either as a participant or as a leader. Registering for more than one team will result in disqualification.

15. How can I know more about E-Cell and its Events?
A. You can follow us on our social media handles, links to which are given on the landing page of the website.
